THE SOCIETY OF FIBER SCIENCE
AND TECHNOLOGY, JAPAN

The Fiber Society's Spring 2018 Conference

Co-organized by The Society of Fiber Science and Technology, Japan

Fibers and Textiles for Value Creation in Connected Industries

June 12 - 14, 2018
Tower Hall Funabori
Tokyo, Japan

Plenary Speakers

Prof. Yoshiro Tajitsu, Kansai University
Prof. Sanjay Rastogi, Maastricht University

Call For Papers

The Fiber Society seeks papers on fundamental research related to the science and engineering of fibers and fibrous materials for its 2018 Spring Conference, scheduled for June 12 - 14, at Tower Hall Funabori, Tokyo, Japan.

Online submissions will be accepted on the Fiber Society website at www.thefibersociety.org. Guidelines for all contributions will be provided online.

Topics

- Fundamentals of Polymer Materials, Synthesis, Polymerization, Characterization and its physics
- Fundamentals of Fiber and Textile Science, Testing and Characterization
- Fiber Manufacturing & Characterization
- Dyeing and Finishing
- Design and Merchandising
- Smart Polymers, Fibers and Textiles
- Sustainable Polymer Materials
- Advanced Cellulose Fibers and Textiles
- Carbon Fibers and Advanced Composite Materials
