

## 26th IFATCC Congress 2023 in Augsburg, Germany

Please note that the Call for Papers deadline has been extended from 28 February to 24 March 2023! Guidance on this as well as conference topics are listed in detail below.

The 26th Congress of the IFATCC (International Federation of Associations of Textile Chemists and Colourists) will take place on October 13th and 14th, 2023 in Augsburg.

The leading topic is

“ A paradigm shift in the global textile industry: Economy meets Ecology “

Climate change, high energy costs and supply chain crisis are challenges for the textile industry, nowadays and in the future. In alignment with the three pillars of sustainability (environmental, social and economic), the global textile industry is forced to search for new ideas and innovations for textile production processes as well as for textile products.

Therefore, we are looking forward to presentations of your ideas and innovations at the 26th IFATCC Congress 2023 in Augsburg.

The organising committee appreciates if you submit

- \* Title of your presentation
- \* Company / Organisation and name of speaker
- \* Short summary of your presentation

until Friday, 24 March 2023 to [michael.rauch@vdtf.de](mailto:michael.rauch@vdtf.de) or [fortbildung@vdtf.de](mailto:fortbildung@vdtf.de)

The event will be streamed online to achieve a large international range.

If you need further information do not hesitate to contact the organising association VDTF e.V. via the above-mentioned email-addresses.

Kind regards,

Reinhard Zander  
President IFATCC

Prof. Dr. Michael Rauch  
President VDTF e.V.  
Treasurer IFATCC
