

2nd International Symposium on Supercritical CO₂ Dyeing & Finishing

The China Textile Engineering Society proudly announces the 2nd International Symposium on Supercritical CO₂ Dyeing and Finishing & Dyeing and Finishing of Functional Materials (2nd ISSDF), to be held in Qingdao, Shandong Province, China from May 23 to 25, 2025. Aiming to boost academic exchange and technological innovation in innovative textile materials, this event will gather global researchers, engineers, and entrepreneurs to share cutting-edge findings on textile dyeing and finishing technologies and forecast industry trends. All textile professionals and enthusiasts are cordially invited to join this collaborative exploration of innovation frontiers.
